

## SSB SPOTLIGHT

# 2010 Wellness Tour

November 29, 2010

On Sunday, November 28, the El Paso County Sheriff's Office participated in the Walgreens -AARP Wellness Health Tour located at the corner of Tierra Este and Edgemere. Both AARP and Walgreens are focused on improving the health and quality in communities across the nation. Free health screenings were provided for everyone in as little as 15 minutes. Many people around the community stopped by and got a chance to see where their health stands. Deputy Rogelio Arreola and Detention Officer Carolina Perez were at the event passing out Children ID Kits to parents and provided information in case of an emergency. EPCSO will be at participating Walgreen's locations along with the AARP Wellness Health Tour. Stop by and get a free health screen.
